RIGHT TO PROVIDE

This contains a list of projects progressing under the Right to Provide programme.
As Foundation Trust and social care staff are still able to submit an expression of interest to their host organisation board, this is an evolving list and will be updated periodically.

HOST ORGANISATION	DESCRIPTION OF SERVICES
Barts and the London NHS Trust	Primary Mental Health Care rooted in a partnership ethos which emphasizes communication and collaboration. Clinical sessions are offered on site at GP practices delivering assessment, treatment and consultation helping to bridge the gap between physical and mental health.There are specialisms focussing on disability and LTCs, perinatal mental health and therapy in BSL.
